Irish Catholic Bishops' Conference Statement on the Family and Care Referendums on Friday 8 March 2024:

- The proposed Family amendment to the Constitution diminishes the unique importance of the relationship between marriage and family in the eyes of society and State, and is likely to lead to a weakening of the incentive for young people to marry.
- The Care amendment would have the effect of abolishing all reference to motherhood in the Constitution and leave unacknowledged the particular and incalculable societal contribution that mothers in the home have made and continue to make in Ireland ... The role of mothers should continue to be cherished in our Constitution.

The full text of the statement is on the notice boards, and is also available from Bishops' Conference website at [www.catholicbishops.ie](http://www.catholicbishops.ie).
